

Meet G-RAID.

The coolest FireWire 800 storage for your Mac.

G-RAID is the world's only FireWire storage specifically designed to support professional content creation applications like Final Cut Pro® HD. Multi-stream DV and uncompressed video playback with real-time effects over FireWire is now a reality. G-RAID is also ideal for audio editing, backup and transporting content between systems.

G-RAID combines the simplicity and affordability of FireWire with high-performance RAID technology resulting in a professional strength storage solution that changes all the rules. G-RAID is simply the highest performance FireWire storage on the planet.
